#### Introduction To Our Ambassadors

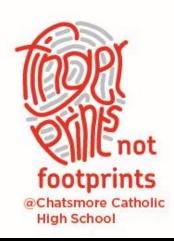

The Climate Change solution is really....

### B.A.S.I.C...

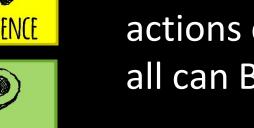

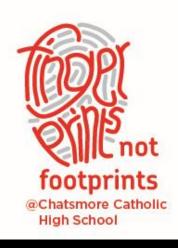

Do what you can individually, even the smallest actions can make the World of difference if we all can BE THE CHANGE

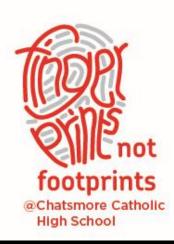

## **ASK** the right people the right questions

Gain the knowledge, be informed and make informed choices.

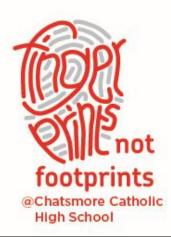

## S SAY the right things to all people

Get the messages out there, tell people what you are doing, influence others to take Action.
