Problems with tree planting

Tonywhitbread.blogspot.com

<https://tonywhitbread.blogspot.com/2020/01/trouble-with-trees.html>

<https://tonywhitbread.blogspot.com/2020/01/trees-and-climate-emergency.html>

<https://tonywhitbread.blogspot.com/2020/01/tree-to-plant-or-not-to-plant-that-is.html>

<https://tonywhitbread.blogspot.com/2020/01/trees-need-purpose-4-of-4.html>

Possible key points:

Ecological footprint outside Adur / Worthing

Carbon sequestration using natural climate solutions

A resilient and adaptable environment able to cope with change.

Urban greening.

But what do you think?
